

Clubmans Register - Track Day 2004

Mallory Park - Thursday 25th March 2004

Following the successful events in the past, and at the request of many drivers in XPower Clubmans and Classic Clubmans, the Register has organised a track day at Mallory Park on Thursday 25th March 2004. We have made the date available for four different purposes.

- 1) An owner/driver: bring your own car to test set up, drive, have fun, at low cost. The track fee is £125 if booked by 28th February, including your own guest drivers.
- 2) An owner of a car for sale: bring your car to have potential buyers drive it with a view to purchasing it. Same charge.
- 3) An owner/driver willing to give a drive to prospective drivers who have been in touch with the Register (via the web site in most cases) in response to our efforts to increase our numbers. The Register would be willing (subject to confirmation of insurance rates and ratification thereafter by the Register) to pay insurance and a subsidy for consumables of £15 per guest driver session. The subsidy will be payable after the event upon presentation of the Session Vouchers received from the drivers carried.
- 4) A driver wishing to try a clubmans slicks-'n'-wings race car can enrol for £100 for 2 sessions (£60 for one) of approx. 15 minutes in one or more of these cars. Drivers paying in advance will have priority choice of car in advance and on the day. Drivers wishing to pay on the day take pot luck... i.e. if there is a car with a spare session then the driver can pay £60 per session there and then. Each driver should make sure that each Session Voucher is given to the car owner or operator before undertaking a session.

The Clubmans Register has to guarantee the £5000 track fee for Mallory Park however many drivers pay. We have to ensure that the club makes the minimum deficit possible. The deficit can typically be too large when it rains on the day and those that have not paid stay away. Here are the terms that help this issue.

- a) Advance fee will be £125 for an unlimited number of your own drivers if paid before 28th February, after which it's £150 up to Friday 19th March. Please fill out the form attached. After that it's £175 on the day. These figures can be compared with the £85 for a morning session on Wednesdays at Mallory Park (09h-12h30) against our £125 for twice the time.
- b) Less VIP and other free-of-charge drives will be given by the Register than last year.
- c) If bookings at 28th February are less than about 40 cars, we will open up one of the three sessions per hour to our friends from the Caterham Scholarship class. This helps defray our fixed costs and provides Caterham drivers a chance of a guest drive in the real thing.
- d) We expect that Classic Clubmans will have Keith Auld, Mike Wright and John Allen on hand to check specs of cars and to verify the 2003 logbooks.
